This year's recipient is LifeTree a 501(c)3 non-profit. In 1997 LifeTree began gathering over 4000 pairs of baby booties to place on the LifeTree to symbolize the number of abortions done daily in the United States. It has been raised on numerous occasions to motivate pro-lifers across eastern North Carolina. Since 1999, LifeTree has advocated a pro-life position at the North Carolina General Assembly on legislation that affects life from its beginning to its end.

- In 2001, identified that taxpayers were funding over \$1 million per year in abortions for state employees.
- Introduced conscience rights legislation to protect health care workers.
- Introduced legislation to require abortion clinics to meet the same standards as other health care facilities.
- LifeTree supports the Choose Life License plate, which will provide funding for maternity homes, pregnancy care centers and adoption agencies.
- Opposed legislation that would permit passive euthanasia in our state.

By means of in depth information posted on its website, periodic educational alerts to its large e-mail list, and personal efforts by its members to educate the general public, LifeTree advocates for the full spectrum of life issues.
